1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	25 September 1954,	the W	arketing Department for	Coal I
(A) a s the tor tor	shortage of 800,000 se period from 1 Januars of pit coal which as up to the end of as of briquettes wou	metric tons of lignite bridgery to 30 September 1954, were planned, the Reichs September 1954; consequently have to be delivered to	iquettes existed during Instead of the 8,700 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a	metric 1,000 metric
(A) a s the tor tor tor	shortage of 800,000 shortage of 800,000 seeperiod from 1 January of pit coal which as up to the end of as of briquettes would be seen to the Reichster of 240,000 and the seeperiod of the seeperiod of 240,000 and the see	e), of the East German Mir metric tons of lignite bring lary to 30 September 1954, h were planned, the Reichs September 1954; consequent ald have to be delivered to bahn had only a four-days	nistry for Heavy Industriquettes existed during Instead of the 8,000 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand	metric 1,000 metric of25X1
(A) a s the tor tor tor	shortage of 800,000 shortage of 800,000 seeperiod from 1 January of pit coal which as up to the end of as of briquettes would be seen to the Reichster of 240,000 and the seeperiod of the seeperiod of 240,000 and the see	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, a were planned, the Reichs September 1954; consequer ald have to be delivered to bahn had only a four-days to the consequence of part and had a expected to increase by a	iquettes existed during iquettes existed during Instead of the 8,000 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 d.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bring lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 d.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 d.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 i.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 i.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 i.
(A) a s the tor tor tor	shortage of 800,000 e period from 1 January of pit coal which as up to the end of as of briquettes would be be a superior of the state of the shortage was	e), of the East German Mir metric tons of lignite bri lary to 30 September 1954, in were planned, the Reichs September 1954; consequer and have to be delivered to bahn had only a four-days expected to increase by a	nistry for Heavy Industriquettes existed during Instead of the 8,500 sbahn had received only atly, 12,000 additional to the Reichsbahn. As a supply of coal on hand supply of coal on hand and additional 170,000 me additional 170,000 me	metric 1,000 metric of25X1 i.
